

Powders

Powders

We have brought you here the best and the most popular Powders. These 100% herbal bath salts are extremely potent and probably the best alternatives to the real deal, to their white powder "C" and "H" counterparts. We need to warn you by higher regulations: "don't use them as party snuffs". Warp Brothers come to our mind with their famous song called: "Cocaine" for some reason. Don't blame us if you will laugh a lot. Well, I guess enough said :) let's go to have a bath with your favourite salt and let's get the party started...

There is only one thing you need to remember, have fun and enjoy the ride!

Keep in mind:
